THE ARCHIVES staff of Everett High School, Lansing,
Michigan, proudly presents this, your first annual

July, 1946

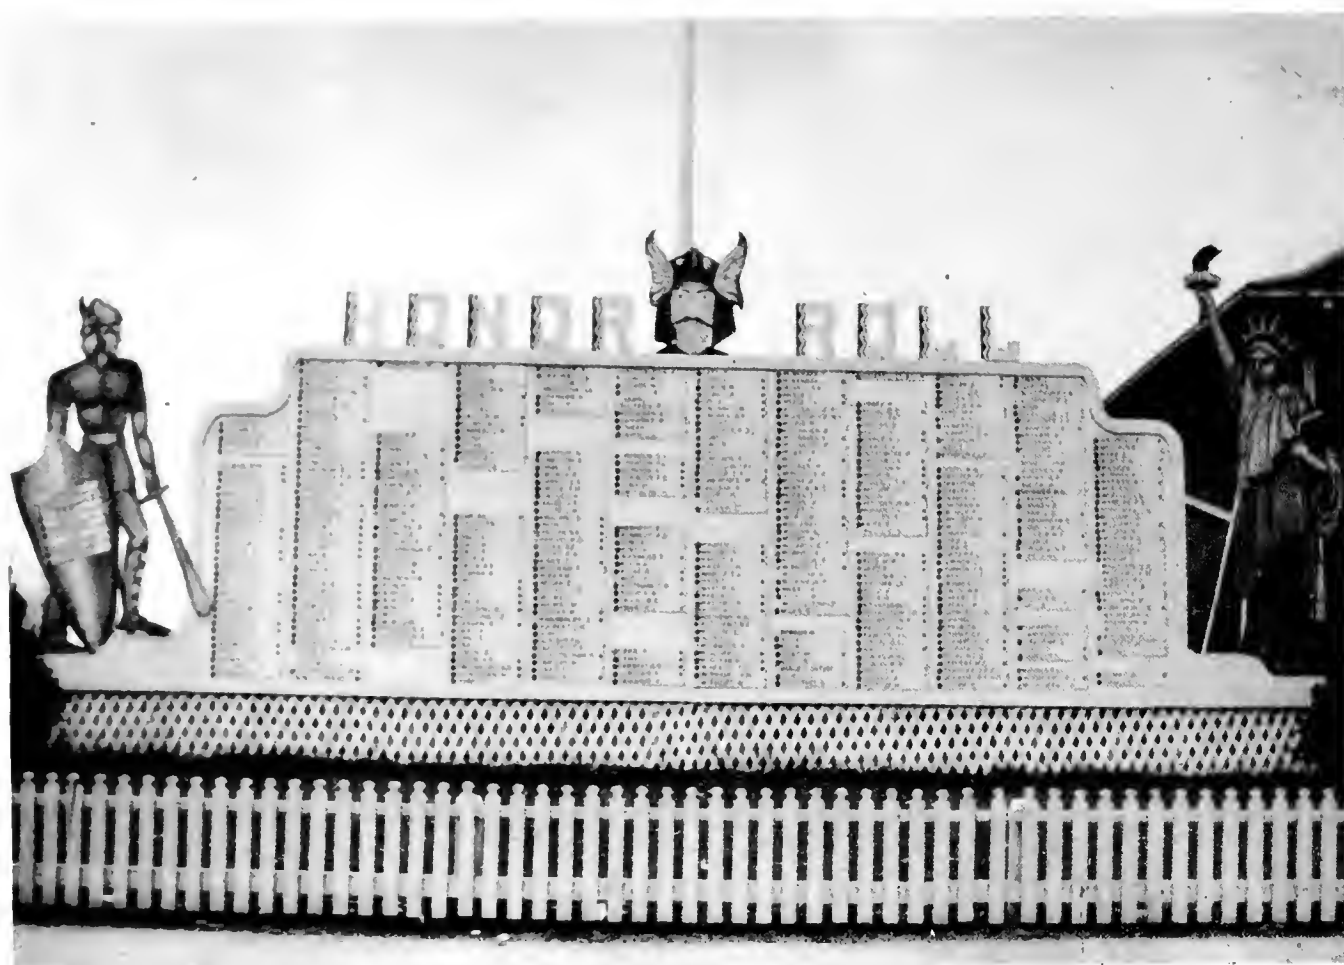

Fling out the banner, shout out the song;
How can old Everett ever go wrong?
Sing, you Vikings, sing for Everett;
Join our triumphant song!

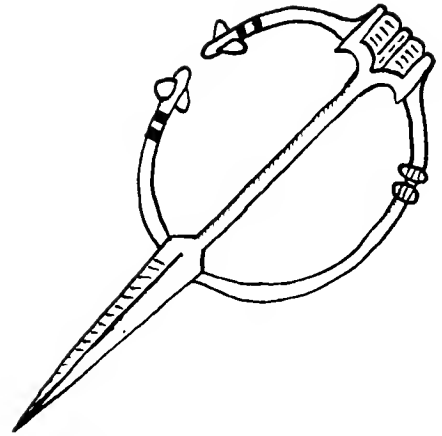

Foreword

In presenting this initial issue of THE ARCHIVES, the staff offers to the students of Everett and to the community a pictorial panorama and general review of the various classes, the administration and faculty, athletics, and the social functions of Everett High School. We sincerely hope that this annual provides you with many enjoyable hours in the future.

To the young men and women who so willingly left this school district to serve our country in its time of need and distress, THE ARCHIVES is respectfully dedicated.

This cover encloses many, many pages;
It likewise embraces many different stages.
It has not one, but many a phase,
Including athletics, dances, and plays.

So - - - Open

Perhaps some things have been left out,
But not too many, without a doubt!

A Day at Everett

How's your liver today?

For the world of books is an adventure.

Carpenters par excellence.

Rhythm, rhythm — that's the thing!

The law of cosine illustrates - - -

Now, then, how are we to bring this about?

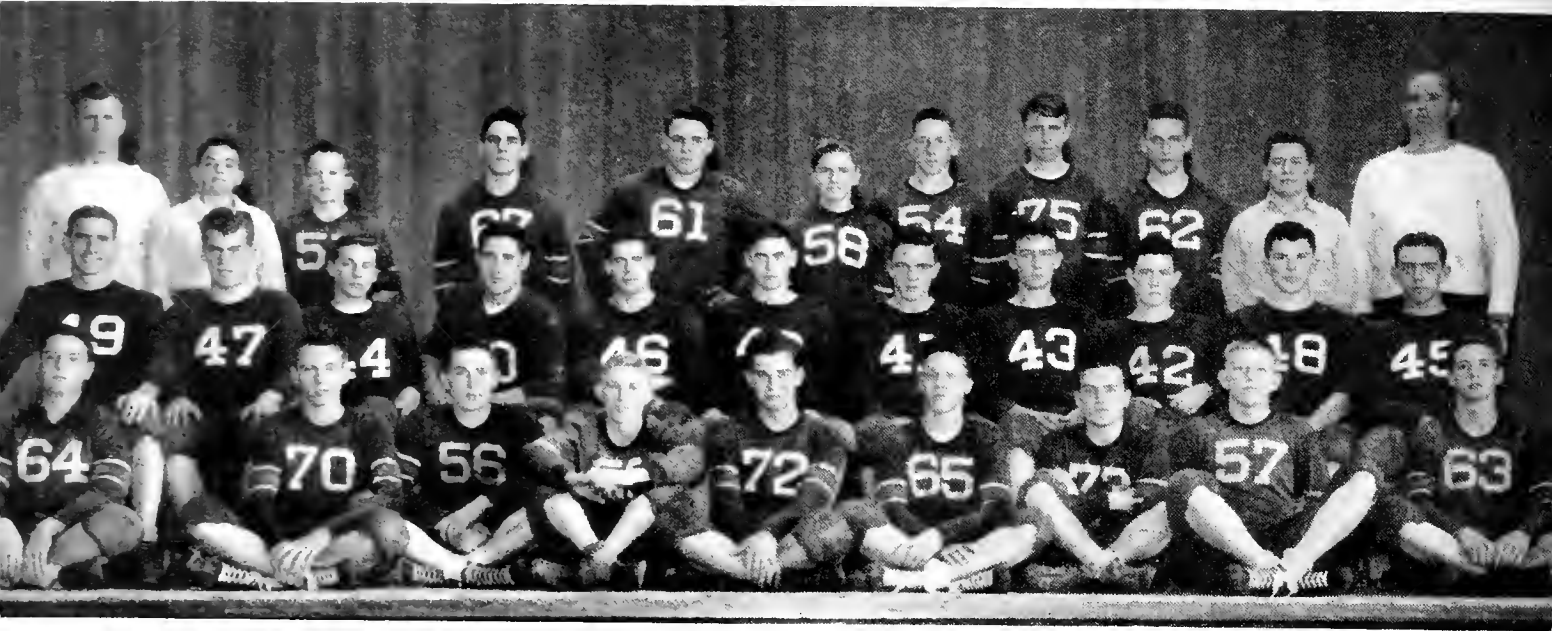

Wonder what will happen next?

Everett enjoyed a victorious season of football this year. Through the season the squad was not defeated, but tied twice. Under the able coaching of Charles Sweeney the team became co-champs of the Capital Circuit League. All through the season Everett had that power and punch which always goes with a winning team. Coach Sweeney sometimes mentions that there is just one letter between "champs and chumps". This is very true, and our boys showed that they could be classified in the "champ" class. The last game of the year, the decisive game with Charlotte, was about as packed with thrills and excitement as anyone could ask. Charlotte and Everett battled back and forth with fury, but when the final gun went off Everett was out in front, 20-12. This game thus made it certain that the Everett *Vikings* were Co-Champs.

Viking Concert Band

The band this year is under the direction of Mr. Donald E. Crane, eminent cornet player and conductor. The band presented two concerts this year, the first on March 1, and the second on May 3. April 12th the band entered several ensembles in the State Ensemble Contest at Michigan State College. The band again acted as the official band for the Lansing Chapter, Red Cross.

Director: JOHN ADAMS

Left to right: Don Stephenson, bass viol; Marvin Spence, trumpet; Howard Philo, trumpet; Helen East, saxophone Dale Box, trumpet; Robetta Moore, saxophone; Darwin Coy, drums; Jack Fiscus, trumpet; Ruth Ellis, saxophone; Bob Grinnell, trombone; Barbara Fickies, saxophone; Al Mellen, trombone; Eugene Heller, trombone; Freda Carmany, piano.

Viking Dance Band

Viking Dance Band is the name of the comparatively new musical aggregation at Everett.

In their second year they are enjoying great success in that they have had many engagements outside the school. The band was first led this season by Mr. Crane, who in turn handed it over to Mr. John Adams on the advent of Mr. Adams joining the faculty staff. Mr. Adams also plays a very mellow trumpet.

Everett's Organ of Student Opinion

Our school newspaper, *The Viking*, reappeared this year after an absence of two years, and immediately met success with the student body, as well as with the faculty and general public.

Six issues of six to eight pages each rolled from the press during these last two semesters and provided an accurate source of information of school events.

The credit for this fine project goes to an ambitious staff of students who, with many and diversified talents, under the direction of Aurele Durocher and John Adams, Advisors, created and printed the six editions.

The student body owes to them a debt of gratitude, and we look forward eagerly to the *Vikings* of next year, and of the years to come.

Introducing Everett's Newest Club

The club was organized on November 6, 1945, with 30 members. The club's main interest is in photography. We have taken pictures of activities about the school, and many students have learned developing and printing. Several have set up their own dark rooms at home.

We have had considerable help from the Eastman Kodak Company, and have enjoyed several sets of slides from them. Also the club has become affiliated with the *National Science Clubs of America* and have received considerable assistance from the *National Science Service*.

One of our big days was a trip to Michigan State College, where we spent some time in the Geology Department and the Museum. We finished the day with a picnic on the banks of the Red Cedar.

We Did Our Best

Many important events have happened at Everett in the past year but probably none so important as the publication of our first annual, *The Archives of '46*. The idea was first broached by Superintendent Cosgrove and approved by the Student Council. Mr. Durocher undertook the direction of this project with the assistance of the administration and Mr. Strickler, who was to superintend the photography work.

After the selection of an able staff, ideas and suggestions were studied at some length with the name THE ARCHIVES selected as the title of the annual. An enormous amount of work has been completed in writing up copy for each picture, compiling lists of names, soliciting sponsors, drawing the art work, and composing of the copy, dummy, and photography to be sent to the *Welch Company* of Chicago for final make-up of the finished annual.

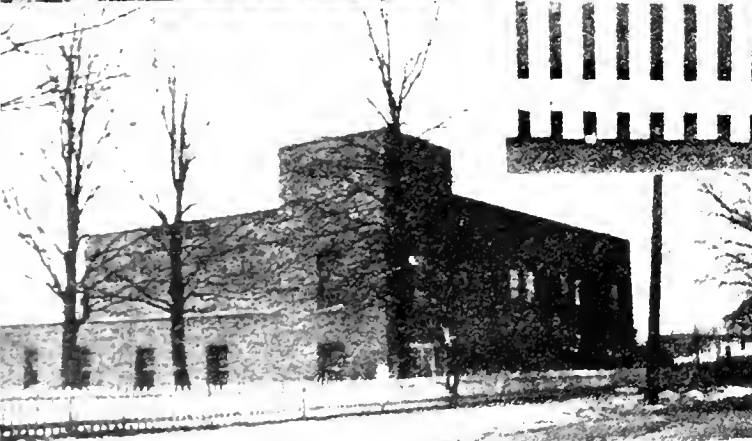

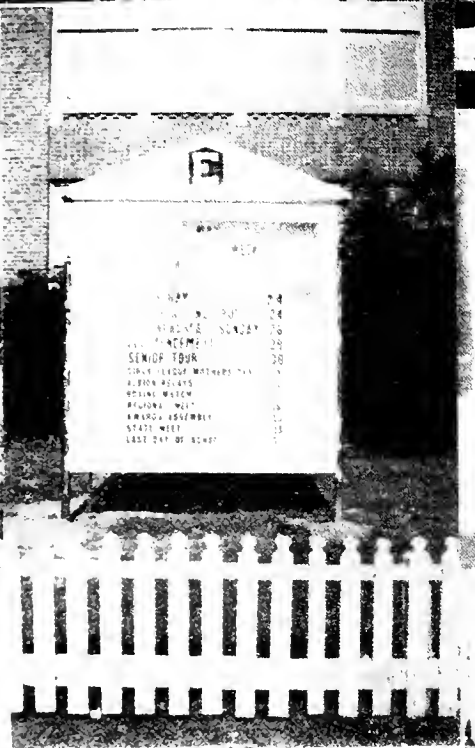

We believe we have set a precedent this year, and hope future classes at Everett may benefit by our experience in turning out their annual. We look forward with confidence to the future.

Letter of Appreciation

With sincere appreciation we extend our congratulations and thanks for the work done on the "ARCHIVES" by the annual staff. We wish also to extend our thanks to our advisor, Mr. Durocher, the administration, and Mr. Strickler, photography aid.

We sincerely hope that the editors who will succeed us will be as fortunate as we were in securing the aid of such fine assistants as those who worked with us.

May this first "ARCHIVES" lead the way to bigger and better productions.

Appreciatively yours,
MAURICE CARMANY
